

Safeguarding and Child Protection Policy

Gretton School

31st August 2017

Gretton School is a trading name of Cavendish Learning Ltd, registered in England and Wales. No. 05913772.
Registered Office 5th Floor, 14 Waterloo Place, London SW1Y 4AR. A part of the Cavendish Education Group. Cavendish Education Ltd. No 08439186.

Gretton School is owned and operated by Cavendish Education; the Proprietary Body also known as the Governing Body. Any reference to Governors means any Director of Cavendish Education. This Policy document is one of a series of Gretton School Policies that, taken together, are designed to form a comprehensive, formal Statement of Gretton School's aspiration to provide an outstanding education for each and every one of its students and of the mechanisms and procedures in place to achieve this. Accordingly, this Policy needs to be read alongside all of these Policies and the Staff Handbook in order to get the full picture; in particular it should be read in conjunction with the ***Equality Policy, the Whistle Blowing Policy / Allegations Policy the Health and Safety Policy (as well as information on Peninsula Business Safe) and the Behaviour and Physical Intervention Policy.***

All of these Policies have been written, not simply to meet statutory and other requirements, but to evidence the work that the whole School is undertaking to ensure the implementation of its core values.

In all Gretton School Policies, unless the specific context requires otherwise, the word "parent" imports the meaning parent, guardian, carer or any other person in whom is vested the legal duties and responsibilities of a child's primary caregiver.

Gretton School employs the services of the following consulting companies to ensure compliance is met and best practice is implemented

Peninsula HR Online

Peninsula Business Safe (Health and Safety)

Carecheck (DBS)

Educare (online CPD)

INTRODUCTION

Gretton School fully recognises the responsibility it has under section 175 (*Section 157 for Independent Schools and Academies*) of the Education Act 2002 to have arrangements in place to safeguard and promote the welfare of children.

This responsibility is more fully explained in the statutory guidance for schools and colleges “Keeping Children Safe in Education” (September 2016). All staff must be made aware of their duties and responsibilities under part one of this document (set out below).

Staff will read the above document together with Annex A of Keeping Children Safe in Education and “What to do if you’re worried a child is being abused: Advice for practitioners” (July 2015).

Through their day-to-day contact with pupils and direct work with families all staff in school have a responsibility to:

- Identify concerns early to prevent them from escalating
- Provide a safe environment in which children can learn
- Identify children who may benefit from early help
- Know what to do if a child tells them he/she is being abused or neglected
- Follow the referral process if they have a concern

(See Keeping Children Safe in Education, 2016, p6)

This policy sets out how the school’s governing body discharges its statutory responsibilities relating to safeguarding and promoting the welfare of children who are pupils at the school. Our policy applies to all staff, paid and unpaid, working in the school including governors. Teaching assistants, office staff as well as teachers can be the first point of disclosure for a child. Concerned parents/carers may also contact the school and its governors.

It is consistent with the Local Safeguarding Children Board (LSCB) procedures.

There are four main elements to our policy:

PREVENTION through the teaching and pastoral support offered to pupils and the creation and maintenance of a whole school protective ethos

PROCEDURES for identifying and reporting cases, or suspected cases, of abuse. The definitions of the four categories of abuse are attached (see Appendix A)

SUPPORTING VULNERABLE CHILDREN those who may have been abused or witnessed violence towards others.

PREVENTING UNSUITABLE PEOPLE WORKING WITH CHILDREN

PREVENTION

We recognise that high self-esteem, confidence, supportive friends and good lines of communication with a trusted adult help to protect children. We recognise that children with autistic spectrum conditions will have additional challenges in their communication at times and therefore encouraging open and effective communication is a vital part of the ethos of the school and vital in safeguarding children at Gretton School

The school will therefore:

- establish and maintain an environment where children feel safe in both the real and the virtual world and are encouraged to talk and are listened to
- ensure children know that there are adults in the school whom they can approach if they are worried or in difficulty and their concerns will be taken seriously and acted upon as appropriate
- include in the curriculum activities and opportunities which equip children with the skills they need to stay safe from abuse both in the real and the virtual world and information about who to turn to for help
- Include in the curriculum material which will help children develop realistic attitudes to the responsibilities of adult life, particularly with regard to childcare and parenting skills

PROCEDURES

We will follow the procedures set out in the Cambridgeshire Local Safeguarding Children Board "Inter-Agency Procedures". A copy of these procedures can be found on the LSCB website: <http://cambridgeshirescb.proceduresonline.com/chapters/contents.html>

**The Designated Safeguarding Lead for Child Protection is:
Ms Zoe Kirby**

The following members of staff have also received the Designated Person training:

Ms Julie Myles
Ms Sally Smith
Mr Stuart Nimmo
Ms Paula Dopadlik
Ms Clare Bailey

**The nominated governor for Safeguarding and Child Protection is:
Ms Deb Carr**

The Governing Body, will appoint a senior member of staff, from the leadership team, to the role of Designated Safeguarding Lead (DSL). The DSL will take lead responsibility for safeguarding and child protection.

The DSL will have the appropriate status and authority within the school to carry out the duties of the post. They will be given the time, funding, training, resources and support to provide advice and support to other staff on child welfare and child protection matters. (See Keeping Children Safe in Education, Annex B)

The activities of the DSL can be delegated to appropriately-trained deputies (Designated Personnel, DP).

The lead responsibility for child protection remains with the DSL and cannot be delegated.

The DSL and DPs will undergo the two day training provided by the Education Child Protection Service

This training will be updated **every two years**.

In addition to the formal training set out above the DSL and DPs will refresh their knowledge and skills e.g. via bulletins, meetings or further reading at **least annually**.

The Governing Body will also ensure that every member of staff, paid and unpaid, and the governing body knows who the Designated Personnel are and the procedures for passing on concerns from the **point of induction**.

Keeping Children Safe in Education states “During term time the designated safeguarding lead (or a deputy) should always be available (during school or college hours) for staff to discuss any safeguarding concerns. Whilst generally speaking the designated safeguarding lead (or deputy) would be expected to be available in person, it is a matter for individual schools and colleges to define what “available” means”.

The Governing Body will ensure that DSLs and DPs take advice from a child protection specialist when managing complex cases. The Designated Personnel have access to professional consultations with staff working in the Multi-agency Safeguarding Hub (MASH). The Emergency Duty Team (out of hours) is also available. Contact numbers are found in Appendix B.

The Governing Body will consider having a nominated governor for safeguarding and child protection who has undertaken appropriate training

The Governing Body will ensure every member of staff and every governor knows:

- the name of the designated person/s and their role
- how to identify the signs of abuse and neglect
- how to pass on and record concerns about a pupil
- that they have an individual responsibility to be alert to the signs and indicators of abuse and for referring child protection concerns to the DSL/DP
- that they have a responsibility to provide a safe environment in which children can learn
- where to find the Inter – Agency Procedures on the LSCB website

The Governing Body will ensure that all staff members undergo safeguarding and child protection training at induction. The training will be regularly updated.

In addition all staff members will receive regular safeguarding and child protection updates as required **but at least annually**.

The Governing Body will ensure that all staff, paid and unpaid, recognise their duty and feel able to raise concerns about poor or unsafe practice in regard to children and that such concerns are addressed sensitively and effectively in a timely manner in accordance with agreed whistle-blowing policies

The Governing Body ensure that parents are informed of the responsibility placed on the school and staff in relation to child protection by setting out these duties in the school *prospectus/brochure/website*

The Governing Body will ensure that this policy is available publicly either via the school website or by other means.

Where pupils are educated off site or in alternative provision, the school and the provider will have clear procedures about managing safeguarding concerns between the two agencies.

Liaison with Other Agencies

The school will:

- work to develop effective links with relevant services to promote the safety and welfare of all pupils
- co-operate as required, in line with Working Together to Safeguard Children 2015, with key agencies in their enquiries regarding child protection matters including attendance and providing written reports at child protection conferences and core groups
- notify the relevant Social Care Unit immediately if:
 - it should have to exclude a pupil who is subject to a Child Protection Plan (whether fixed term or permanently);
 - there is an unexplained absence of a pupil who is subject to a Child Protection Plan
 - there is any change in circumstances to a pupil who is subject to a Child Protection Plan

Record Keeping

The school will:

- keep clear, detailed, accurate, written records of concerns about children (noting the date, event and action taken), even where there is no need to refer the matter to Social Care immediately
- ensure all records are kept securely, separate from the main pupil file, and in a locked location
- ensure all relevant child protection records are sent to the receiving school or establishment when a pupil moves schools in accordance with the Education Child Protection Record Keeping Guidance

- make parents aware that such records exist except where to do so would place the child at risk of harm.
- all actions and decisions will be led by what is considered to be in the best interests of the child.

Confidentiality and information sharing

Child protection information will be stored and handled in line with the Data Protection Act 1998 principles. The Data Protection Act does not prevent school staff from sharing information with relevant agencies, where that information may help to protect a child.

Child protection records are subject to the provisions of the Data Protection Act, 1998. This means that a parent, or young person of sufficient age and understanding, may make a request to see the child protection record. If any member of staff receives a request from a pupil or parents to see child protection requests, they will refer the request to the Designated Safeguarding Lead or Headteacher.

The Designated Safeguarding Lead will take advice from the Governing Body and together a decision will be made about what information to share. This decision will consider the balance between the potential risk to the child and the principle of working openly and honestly with parents.

The school will:

- ensure confidentiality protocols are adhered to and information is shared appropriately. If in any doubt about confidentiality, staff will seek advice from a senior manager or Social Care as required.
(See “Information sharing: Advice for practitioners providing safeguarding services to children, young people, parents and carers”, DfE 2015)
- ensure that the Headteacher or Designated Safeguarding Lead will only disclose any information about a pupil to other members of staff on a ‘need to know’ basis.
- make all staff aware that they have a professional responsibility to share information with other agencies in order to safeguard children
- ensure staff are clear with children that they cannot promise to keep secrets.

Communication with Parents/Carers

The school will:

- ensure that parents/carers are informed of the responsibility placed on the school and staff in relation to child protection by setting out its duties in the school prospectus/website.
- undertake appropriate discussion with parents/carers prior to involvement of another agency unless the circumstances preclude this action. If the school believes that notifying parents could increase the risk of harm to the child, advice will be sought

from Social Care. *(Further guidance on this can be found in the Inter-agency Procedures of the Local Safeguarding Children Board)*

- Particular circumstances where parents **may not** be informed include any disclosure of sexual abuse or physical abuse where the child has an injury.
- record what discussions have taken place with parents on the Log of Concern about a Child's Welfare or if a decision has been made not to discuss it with parents, record the reasons why.

SUPPORTING VULNERABLE CHILDREN

We recognise that abuse or witnessing violence may have an adverse impact on those children which may last into adulthood without appropriate intervention and support.

This school may be the only stable, secure and predictable element in the lives of children at risk. Nevertheless, when at school their behaviour may be challenging and defiant or they may become withdrawn.

We recognise that some vulnerable children may develop abusive behaviours and that these children may need to be referred on for appropriate support and intervention.

The school will support the pupil through:

Curricular opportunities to encourage self-esteem and self-motivation

An ethos that actively promotes a positive, supportive and safe environment and values the whole community

The school's behaviour policy will support vulnerable pupils in the school. All staff will agree on a consistent approach, which focuses on the behaviour of the child but does not damage the pupil's sense of self worth. The school will ensure that the pupil knows that some behaviour is unacceptable but s/he is valued and not to be blamed for any abuse which has occurred.

Liaison with other agencies which support the pupil such as Social Care, Child and Adolescent Mental Health Services, Cambridgeshire Sexual Behaviour Service or Locality Teams

A commitment to develop productive and supportive relationships with parents/carers

Recognition that children living in a home environment where there is domestic abuse, drug or alcohol abuse or mental health issues are vulnerable and in need of support and protection; they may also be young carers

Monitoring and supporting pupils welfare, keeping records and notifying Social Care in accordance with the Cambridgeshire Local Safeguarding Children Board "Inter - Agency Procedures"

When a pupil who is subject to a child protection plan leaves, information will be transferred to the new school immediately. The Child Protection Review Manager, Lead Social Worker and Social Care

When a child is missing from education, the school will follow the procedure as set out in Cambridgeshire Children Missing Education guidance and inform the Education Welfare Officer and Social Care if a child is subject to a Child Protection Plan or there have been ongoing concerns.

Substance Misuse and Child Protection

The discovery that a young person is misusing legal or illegal substances or reported evidence of their substance misuse is not necessarily sufficient in itself to initiate child protection proceedings but the school will consider such action in the following situations:

When there is evidence or reasonable cause:

- to believe the young person's substance misuse may cause him or her to be vulnerable to other abuse such as sexual abuse
- to believe the pupil's substance related behaviour is a result of abuse or because of pressure or incentives from others, particularly adults
- where the misuse is suspected of being linked to parent/carer substance misuse.

Children of Substance Misusing Parents/Carers

Misuse of drugs and/or alcohol is strongly associated with Significant Harm to children, especially when combined with other features such as domestic violence.

When the school receives information about drug and alcohol abuse by a child's parents/carers they will follow appropriate procedures.

This is particularly important if the following factors are present:

- Use of the family resources to finance the parent's dependency, characterised by inadequate food, heat and clothing for the children
- Children exposed to unsuitable caregivers or visitors, e.g. customers or dealers
- The effects of alcohol leading to an inappropriate display of sexual and/or aggressive behaviour
- Chaotic drug and alcohol use leading to emotional unavailability, irrational behaviour and reduced parental vigilance
- Disturbed moods as a result of withdrawal symptoms or dependency
- Unsafe storage of drugs and/or alcohol or injecting equipment
- Drugs and/or alcohol having an adverse impact on the growth and development of the unborn child

Domestic Abuse

Where there is Domestic Abuse in a family, the children/young people will always be affected; the longer the violence continues, the greater the risk of significant and enduring harm, which they may carry with them into their adult life and relationships.

Domestic Abuse is defined as any incident or pattern of incidents of controlling, coercive or threatening behaviour, violence or abuse between those aged 16 or over who are or have been intimate partners or family members regardless of gender or sexuality. This can encompass but is not limited to the following types of abuse: Psychological, physical, sexual, financial and emotional.

This definition, which is not a legal definition, includes so called 'honour' based violence, female genital mutilation (FGM) and forced marriage, and is clear that victims are not confined to one gender or ethnic group.

Schools are ideally placed to offer appropriate support, alongside other agencies, whether families are in crisis, or whether there are early signs of potential abuse.

Female Genital Mutilation (FGM)

"FGM is a procedure where the female genital organs are injured or changed and there is no medical reason for this. It is frequently a very traumatic and violent act for the victim and can cause harm in many ways". (Multi-agency statutory guidance on female genital mutilation, April 2016).

The age at which FGM is carried out varies enormously according to the community. The procedure may be carried out shortly after birth, during childhood or adolescence, just before marriage or during a woman's first pregnancy.

FGM is internationally recognised as a violation of the human rights of girls and women, and is illegal in most countries, including the UK.

It is a statutory duty for teachers in England and Wales to report 'known' cases of FGM in under-18s which they identify in the course of their professional work to the police. (Multi-agency statutory guidance on female genital mutilation, April 2016)

The school takes these concerns seriously and staff will be made aware of the possible signs and indicators that may alert them to the possibility of FGM. Any indication that FGM is a risk, is imminent, or has already taken place will be dealt with under the child protection procedures outlined in this policy.

The Designated Safeguarding Lead will make appropriate and timely referrals to Social Care if FGM is suspected. In these cases, parents will not be informed before seeking advice. The case will still be referred to Social Care even if it is against the pupil's wishes.

Child Sexual Exploitation (CSE)

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

Sexual exploitation can take many different forms from the seemingly 'consensual' relationship to serious organised crime involving gangs and groups.

It is important to recognize that some young people who are being sexually exploited do not show any external signs of this abuse and may not recognise it as abuse.

Young people who go missing can be at increased risk of sexual exploitation and so procedures are in place to ensure appropriate response to children and young people who go missing, particularly on repeat occasions.

Schools will complete the LSCB Child Exploitation Checklist and refer to the Multi-Agency Safeguarding Hub (MASH) if there is a concern that a young person may be at risk.

Peer on Peer Abuse

Peer on peer abuse can manifest itself in many ways. This can include sexual bullying, being coerced to send sexual images, sexual assault and teenage relationship abuse. There are clear links with sexual exploitation and domestic abuse.

This form of abuse will not be tolerated and victims will be appropriately supported. Any indication that a child has suffered from peer on peer abuse will be dealt with under the child protection procedures outlined in this policy.

Consideration will always need to be given to the welfare of both the victim(s) and perpetrator(s) in these situations.

The use of the term 'banter' to try to excuse or justify inappropriate verbal interactions is unacceptable.

Due regard will be had, under appropriate advice, in relation to legal threshold issues.

The school will include within the curriculum, information and materials that support children in keeping themselves safe from abuse including abuse from their peers and online.

Additional guidance on sexting can be found in "Sexting in schools and colleges: Responding to incidents and safeguarding young people" published by the UK Council for Child Internet Safety (UKCCIS)

‘Banter’: Staff should always be clear that abuse is abuse and should never be tolerated or passed off as “banter” or “just a part of growing up”. ‘Banter’ is bullying. If students are repeatedly ‘joking’ with an individual, who is not included in the joke, it is bullying. Our school does not tolerate the ‘banter’ excuse.

Prevention of Radicalisation

Since 2010, when the Government published the Prevent Strategy, there has been an awareness of the specific need to safeguard children, young people and families from violent extremism. There have been several occasions both locally and nationally in which extremist groups have attempted to radicalise vulnerable children and young people to hold extreme views including views justifying political, religious, sexist or racist violence, or to steer them into a rigid and narrow ideology that is intolerant of diversity and leaves them vulnerable to future radicalisation.

The current threat from terrorism in the United Kingdom may include the exploitation of vulnerable people, to involve them in terrorism or in activity in support of terrorism. The normalisation of extreme views may also make children and young people vulnerable to future manipulation and exploitation. (*School / Service*) is clear that this exploitation and radicalisation should be viewed as a safeguarding concern.

The Counter-terrorism and Security Act, 2015 places a duty on authorities (including schools) ‘to have due regard to the need to prevent people from being drawn into terrorism’. These duties should be seen alongside schools’ duties to promote British values as a means of “building children’s resilience to radicalisation”.

Staff in schools will be made aware of this duty.

When any member of staff has concerns that a pupil may be at risk of radicalisation or involvement in terrorism, they should speak with the Designated Safeguarding Lead/Prevent Lead.

See also “The Prevent Duty, Departmental advice for schools and childcare providers”, June 2015, Department for Education and “Revised Prevent Duty Guidance: for England and Wales”, July 2015, HM Government

PREVENTING UNSUITABLE PEOPLE FROM WORKING WITH CHILDREN

The school will operate safer recruitment practices including ensuring appropriate DBS and reference checks are undertaken according to Part three of the government guidance ‘Keeping Children Safe in Education’ (2016).

The following members of staff have undertaken Safer Recruitment training
Zoe Kirby, Julile Myles, Clare Bailey, Emma O’Dell, Jess Scott, Mark Arnold, Richard Crane, April Mansfield, Stuart Nimmo, David Watkins, Modesta Chipere, Loressa Young,

Safeguarding and Child Protection Policy

Sean Greygoose, Kirsty Leach, Adrian Mahon, Ana Mackrill, Eva Ntantira,
Joseph O'Brien, Sally

Smith, Samantha Taylor O'Farrell, Debbie Arnold, Lucy Consoli, Sydney Ison,
Doris Longworth, Blazej Wolsztynaik, Jose Penalever

Any allegation of abuse made against a member of staff will be reported straight away to the Head Teacher. In cases where the Head Teacher is the subject of an allegation, it will be reported to the Operations Director. (See Allegations flowchart Appendix C.) The school will follow the procedures set out in Part Four of Keeping Children Safe in Education.

Under Section 75 of the Childcare Act, 2006 individuals are disqualified from childcare provision if they have committed certain specified offences. Staff may also be disqualified "by association" if they are living or working in the same household as a person who is disqualified. This applies to any member of staff employed in early years childcare (up to the age of 5) or later years childcare (up to the age of 8) in nursery, primary or secondary school settings or the management of such settings. Staff should sign a self-declaration form to confirm that they are not "disqualified by association". A record of self-declaration should be kept on the school's Single Central Record.

The school will consult with the Local Authority Named Senior Officer in the event of an allegation being made against a member of staff and adhere to the relevant procedures set out in Keeping Children Safe in Education, *2016 and the school's staff handbook*

The Named Senior Officer will liaise with the Local Authority Designated Officer (LADO) ensuring that all allegations are reported to the LADO within one working day. Following consultation with the LADO, the Named Senior Officer will advise on all further action to be taken. Please note that the Headteacher or Operations Director should **not** seek to interview the child/ren or members of staff involved until advice has been sought. Doing so may compromise any police interviews that may be necessary.

The school will ensure that any disciplinary proceedings against staff relating to child protection matters are concluded in full even when the member of staff is no longer employed at the school and that notification of any concerns is made to the relevant authorities and professional bodies and included in references where applicable.

Staff who are the subject of an allegation have the right to have their case dealt with fairly, quickly, and consistently and to be kept informed of its progress. Suspension is not mandatory, nor is it automatic but, in some cases, staff may be suspended where this is deemed to be the best way to ensure that children are protected.

Consideration must be given to the needs of the child and a recognition that a child may make an allegation against an innocent party because they are too afraid to name the real perpetrator. It is rare for a child to make an entirely false or malicious allegation, although misunderstandings and misinterpretations of events do happen.

The school will ensure that all staff, paid and unpaid, are aware of the need for maintaining appropriate and professional boundaries in their relationships with pupils and parents/carers

Safeguarding and Child Protection Policy

as advised within the School's Code of Conduct. As part of the Induction process, all staff will receive guidance about how to create appropriate professional boundaries (in both the

real and virtual world) with all children, especially those with a disability or who are vulnerable.

All staff have signed to confirm that they have read a copy of the School's Code of Conduct, Guidance for Safer Working Practice for Adults who work with Children and Young People in Education Settings (October 2015).

The school will ensure that staff and volunteers are aware that sexual relationships with pupils aged under 18 are unlawful and could result in legal proceedings taken against them under the Sexual Offences Act 2003 (Abuse of Trust).

The school will ensure that communication between pupils and adults, by whatever method, are transparent and take place within clear and explicit professional boundaries and are open to scrutiny.

Behaviour

CHILDREN WITH SPECIAL EDUCATIONAL NEEDS

All pupils at Gretton School have an Education, Health and Care Plan and multi-agency planning and involvement to support integrated care.

We recognise that, statistically, children with emotional and behavioural difficulties and disabilities are most vulnerable to abuse. School staff who deal with children with complex needs should be particularly sensitive to indicators of abuse.

The school has pupils with autism. The school will support staff to decide appropriate strategies that will reduce anxiety for the individual child and raise self-esteem as part of an overall behaviour plan agreed with parents.

As part of the PSHE curriculum staff will teach children personal safety skills commensurate with their ability and needs. Children will be taught personal safety skills such as telling and

Safeguarding and Child Protection Policy

who to tell, good and bad touches and good and bad secrets. The content of lessons will be shared with parents/carers so that these skills can be supported at home.

The school has pupils who may have communication difficulties and we are aware that they are vulnerable to abuse because they are unable to express themselves to others. Instead

such children will often exhibit changes in behaviours or signs and indicators of abuse recognised by staff with a good knowledge of the child.

We promote high standards of practice, including ensuring that children know how to raise concerns, and have access to a range of adults with whom they can communicate.

GOVERNING BODY CHILD PROTECTION RESPONSIBILITIES

The governing body fully recognises its responsibilities with regard to child protection and safeguarding and promoting the welfare of children. It aims to ensure that the policies,

procedures and training in school are effective and comply with the law and government guidance at all times.

It will:

- Nominate a governor for safeguarding and child protection who will take leadership responsibility for the school's safeguarding arrangements and practice and champion child protection issues
- ensure an annual report is made to the full governing body, and copied to the Education Child Protection Service. Any weaknesses will be rectified without delay
- ensure that this Safeguarding and Child Protection policy is annually reviewed and updated and shared with staff. It will be made available on the school website.
- Ensure that children's exposure to potential risks while using the internet is limited by having in place age appropriate filtering and monitoring systems.
- Ensure children's wishes and feelings are taken into account where there are safeguarding concerns.

Extended Schools and Before and After School Activities (on or off school site)

If the governing body provides extended school facilities or before or after school activities directly under the supervision or management of school staff, the school's arrangements for child protection as written in this policy shall apply.

Where services or activities are provided separately by another body, either on or off school site, the governing body will seek assurance that the body concerned has appropriate policies and procedures in place for safeguarding children and child protection and there are arrangements to liaise with the school on these matters where appropriate.

Chair of Governors

Four Categories of Abuse and Possible Indicators

Physical Abuse - may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Possible indicators of physical abuse and factors that should increase concern include:

multiple bruising or bruises and scratches (especially on the head and face); clusters of bruises e.g. fingertip bruising (caused by being grasped); bruises around the neck and behind the ears, the most common abusive injuries are to the head; bruises on the back, chest, buttocks, or on the inside of the thighs; marks indicating injury by an instrument – e.g. linear bruising (stick), parallel bruising (belt), marks of a buckle; bite marks; deliberate burning may also be indicated by the pattern of an instrument or object e.g. electric fire, cooker, cigarette; scalds with upward splash marks or tide marks; untreated injuries; recurrent injuries, burns or bald patches; having broken bones or unexplained bruising, burns or welts in different stages of healing; being unable to explain an injury, or providing explanations that are inconsistent, vague or unbelievable.

In the social context of the school or college, it is normal to ask about a noticeable injury. The response to such an enquiry is generally light-hearted and detailed. So, most of all, concern should be increased when: the explanation given does not match the injury; the explanation uses words or phrases that do not match the vocabulary of the child (adults words); no explanation is forthcoming; the child (or the parent/carer) is secretive or evasive or the injury is accompanied by allegations of abuse or assault. We become concerned if the child or young person is reluctant to have parents/carers contacted; runs away or shows fear of going home; is aggressive towards themselves or others; flinches when approached or touched; is reluctant to undress to change clothing for sport; wears long sleeves during hot weather; is unnaturally compliant in the presence of parents/carers; has a fear of medical help or attention or admits to a punishment that appears excessive

Neglect - persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.

It may occur during pregnancy as a result of maternal substance misuse.

It may involve the neglect of or lack of responsiveness to a child's basic emotional needs.

It also includes parents or carers failing to:

- Provide adequate food, clothing and shelter including exclusion from home or abandonment;
- Protect a child from physical and emotional harm or danger;
- Ensure adequate supervision including the use of inadequate care-givers;
- Ensure access to appropriate medical care or treatment.

Indicators of neglect: The following is a summary of some of the possible indicators that may suggest a child is being abused or is at risk of harm. It is important to recognise that indicators alone cannot confirm whether a child is being abused. Each child should be seen in the context of their family and wider community and a proper assessment carried out by appropriate persons. What is important to keep in mind is that if you feel unsure or concerned, do something about it. Don't keep it to yourself.

Physical indicators of neglect include: constant hunger and stealing food; poor personal hygiene; unkempt, dirty or smelly; being underweight; wearing dress unsuitable for weather; poor state of clothing; illness or injury untreated and looking sad, false smiles.

Behavioural indicators of neglect include: constant tiredness; frequent absence from school or lateness; missing medical appointments; becoming isolated among peers; being frequently unsupervised; stealing or scavenging, especially food and having destructive tendencies.

Emotional Abuse - is persistent emotional maltreatment so as to cause severe and adverse effects on a child's emotional development.

It may involve conveying to a child that they are:

- Worthless;
- Unloved;
- Inadequate;
- Valued only insofar as they meet another person's needs.

It may include:

- Not giving the child opportunities to express their views;
- Deliberately silencing them;
- 'Making fun' of what they say or how they communicate.

It may also feature age or developmentally inappropriate expectations being imposed on children including:

- Interactions that are beyond the child's developmental capability;
- Overprotection and limitation of exploration and learning;
- Preventing participation in normal social interaction.

It may involve:

- Seeing or hearing the ill-treatment of another ;
- Serious bullying (including cyberbullying) causing children frequently to feel frightened or in danger;
- The exploitation or corruption of children.

Some level of emotional abuse is involved in all types of maltreatment although it may occur alone.

Indicators of Emotional Abuse: Developmental issues include delays in physical, mental and emotional development; poor school performance and speech disorders, particularly sudden disorders or changes.

Behaviour: acceptance of punishment which appears excessive; over-reaction to mistakes; continual self-deprecation (I'm stupid, ugly, worthless etc.); neurotic behaviour (such as rocking, hair-twisting, thumb sucking); self-harm or self-mutilation; suicide attempts; drug/solvent abuse; running away; compulsive stealing, scavenging; acting out; poor trust in significant adults; regressive behaviour – e.g. wetting; eating disorders; destructive tendencies; neurotic behaviour; arriving early at school, leaving late.

Social issues: withdrawal from physical contact or from social interaction; over-compliant behaviour or insecure, clinging behaviour; poor social relationships. Emotional responses: extreme fear of new situations; inappropriate emotional responses to painful situations (“I deserve this”); fear of parents being contacted; self-disgust; unusually fearful with adults; lack of concentration, restlessness, aimlessness; extremes of passivity or aggression.

Sexual Abuse – involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening.

This may involve:

- Physical contact including assault by penetration (e.g. rape or oral sex);
- Non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing;
- Non-contact activities involving:
 - Children in looking at, or in the production of, sexual images;
 - Children in watching sexual activities;
 - Encouraging children to behave in sexually inappropriate ways;
 - Grooming a child in preparation for abuse (including via the internet).

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Possible indicators of sexual abuse: Possible physical observations include: damage to genitalia, anus or mouth; sexually transmitted diseases; unexpected pregnancy, especially in very young girls; soreness in genital area, anus or mouth and other medical problems such as chronic itching; unexplained recurrent urinary tract infections and discharges or abdominal pain.

Possible behavioural observations include: Sexual knowledge inappropriate for age; sexualised behaviour or affection inappropriate for age Sexually provocative behaviour/promiscuity; Hinting at sexual activity inexplicable decline in school performance Depression or other sudden apparent changes in personality as becoming insecure, or clinging, lack of concentration, restlessness, aimlessness; socially isolated or withdrawn, overly-compliant

behaviour; acting out, aggressive behaviour Poor trust or fear concerning significant adults; Regressive behaviour, Onset of wetting, by day or night; nightmares Onset of insecure, clinging behaviour; Arriving early at school, leaving late, running away from home, suicide attempts, self-mutilation, self-disgust; suddenly drawing sexually explicit pictures; eating disorders or sudden loss of appetite or compulsive eating, regressing to younger behaviour patterns such as thumb sucking or bringing out discarded cuddly toys Become worried about clothing being removed; trying to be 'ultra-good' or perfect; overreacting to criticism.

It is important to recognise that some young people who are being sexually exploited do not exhibit any external signs of abuse. However, others may exhibit one or more of some of the possible indicators set down below: Children who appear with unexplained gifts or new possessions; Children who associate with other young people involved in exploitation; Children who have older boyfriends or girlfriends; Children who suffer from sexually transmitted infections or become pregnant; Children who suffer from changes in emotional well-being; Children who misuse drugs and alcohol; Children who go missing for periods of time or regularly come home late; Children who regularly miss school or education or don't take part in education. Again, this list is not inclusive of all possible indicators.
